Maintenance Agreement

In order to offset the cost of maintenance we require that each family agrees to work fifteen hours per school year on general building and ground maintenance.

Work days will be announced at the beginning of the year – but arrangements can be made to suit if there is a conflict of timing.

You will be required to provide a \$300 deposit which will be paid back at the end of the school year upon work hours completed. If work hours are inadequate the money deposited will be placed in the school's general fund and used towards completing maintenance projects.

We also offer a buyout of \$300 (paid at time of enrollment) if you feel that you are unable to fulfill the time commitment.

Family Name _____

Parent/Guardian _____ Date _____

Thank You
